The benchmark of the fund is VN100 Index. VN100 Index means the index of 100 largest market capitalization and high liquidity stocks on the HSX.

Fund Managers

Ms. Nguyen Thi Hang Nga, CFA
 Ms. Duong Kim Anh

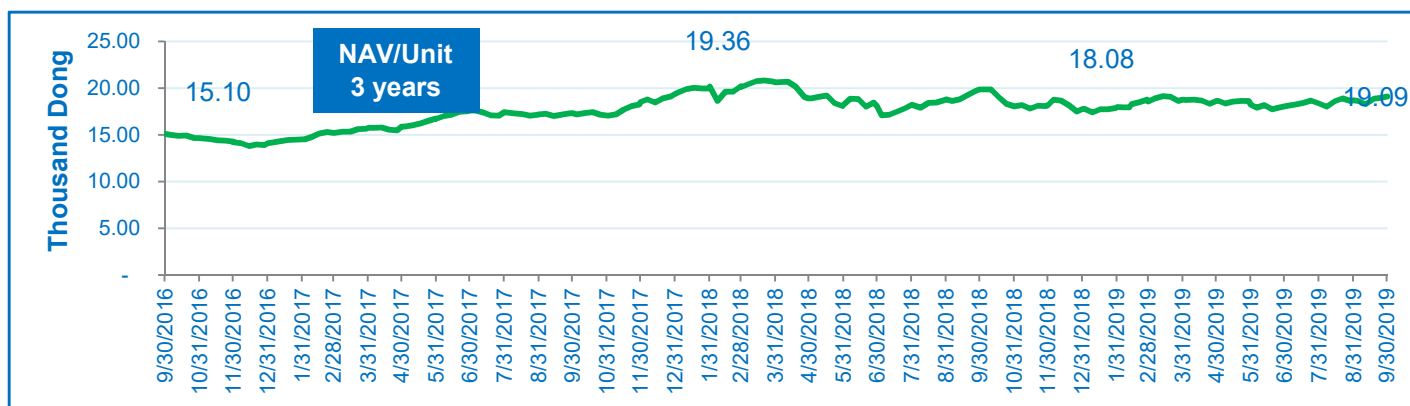

Fund Strategy

- The Fund will invest up to 100% of its Net Asset Value in listed equities with large market capitalization and good liquidity.
- The Fund will primarily invest in a diversified portfolio of stocks listed on the HSX and HNX which have a large market capitalization and are liquid. Stocks with large market capitalization are considered as those with market capitalization larger than the hundredth largest stock listed on the HSX.
- The Fund follows a blend of value and growth style of investing.
- The Fund will follow a bottom-up approach to selecting stocks for investment, focusing on the individual attributes of a company, and choosing companies across sectors.

Return (w/o subscription fees)	Fund	Benchmark
Since inception (compound return)	13.49%	8.5%
YTD	7.5%	8.6%

Benchmark of the fund is VN100 Index.
