Fund Strategy

- The Fund will invest up to 100% of its Net Asset Value in listed equities with large market capitalization and good liquidity.
- The Fund will primarily invest in a diversified portfolio of stocks listed on the HSX and HNX which have a large market capitalization and are liquid. Stocks with large market capitalization are considered as those with market capitalization larger than the hundredth largest stock listed on the HSX.
- The Fund follows a blend of value and growth style of investing.
- The Fund will follow a bottom-up approach to selecting stocks for investment, focusing on the individual attributes of a company, and choosing companies across sectors.
